Ken Harris
State Water Resources Control Board
P.O. Box 100
Sacramento, CA 95812

Subject: California Water Quality Monitoring Council

Dear Mr. Harris:

Thank you for the invitation to serve on the Water Quality Monitoring Council. I participated in the introductory meeting as the stormwater representative. I found the Council to be well directed and I expect it to complete on time its responsibilities as directed by SB1070 and the Cal/EPA – Resources Agency MOU establishing the Council.

Unfortunately, my commitments are such that I will be unable to continue serving on the Council. Fortunately, I am able to recommend an individual to represent stormwater that I believe will provide experienced insight and be an excellent resource to the Council.

I recommend that Mr. Armand Ruby be appointed to represent stormwater quality management on the Council. Mr. Ruby is a natural choice as he is Chair of CASQA's Monitoring and Science Subcommittee and he has significant experience in designing and managing monitoring programs, particularly for stormwater quality, throughout the state. With this recommendation I enclose Mr. Ruby's resume – additional information may be found his website.

Again, thank you for the opportunity to participate. Please let me know if you have any questions.

Sincerely,

Geoff Brosseau, Executive Director

enclosure

cc: Armand Ruby, Chair – CASQA Monitoring and Science Subcommittee
Scott Taylor, Chair – CASQA Executive Program Committee
Chris Crompton, Chair – CASQA
