Vacant
Water Supply

Monitoring Council Staff

Nick Martorano
Director

Kristopher Jones
Assistant Director

NOTICE IS HEREBY GIVEN that the California Water Quality Monitoring Council will meet to discuss issues relating to its responsibilities pursuant to California Senate Bill 1070 (Statutes of 2006).

BACKGROUND

In November 2007, a [Memorandum of Understanding \(MOU\)](#) was signed by the Secretaries of the California Environmental Protection Agency (Cal/EPA) and the California Natural Resources Agency to establish the California Water Quality Monitoring Council (Monitoring Council). The MOU was mandated by [CA Senate Bill 1070 \(Statutes of 2006\)](#) and requires the boards, departments and offices within Cal/EPA and the Natural Resources Agency to integrate and coordinate their water quality and related ecosystem monitoring, assessment, and reporting.

Monitoring Council members include representatives from Cal/EPA, the Natural Resources Agency, the Department of Public Health, citizen monitoring groups, regulated publicly owned treatment works, stormwater, agriculture and water supply interests, the scientific community, and the public. The Monitoring Council is also required by SB 1070 to consult with the U.S. Environmental Protection Agency, whose representative attends all Monitoring Council meetings.

SB 1070 and the MOU require that the Monitoring Council develop specific recommendations to improve the coordination and cost-effectiveness of water quality and related ecosystem monitoring and assessment, enhance the integration of monitoring data across departments and agencies, and increase public accessibility to monitoring data and assessment information. While the Monitoring Council may recommend new monitoring or management initiatives, it will build on existing efforts to the greatest extent possible.

SB 1070 and the MOU require that the Monitoring Council, in coordination with the State Water Resources Control Board, recommend a “comprehensive monitoring program strategy that utilizes and expands upon the state’s existing statewide, regional, and other monitoring capabilities and describes how the state will develop an integrated monitoring program that will serve all of the state’s water quality monitoring needs and address all of the state’s waters over time.” Those [recommendations](#) were submitted to the Agency Secretaries in December 2010.

MEETING PURPOSE AND DESCRIPTION

The purpose of this meeting is for the Monitoring Council to plan further implementation of their recommended monitoring program strategy and to develop additional recommendations to Cal/EPA and the Natural Resources Agency. Meeting topics will include:

- Public Forum: opportunities to address the Council on items not on the agenda
- Announcements and Updates
 - AB 1755 Coordination
 - Monitoring group coordination report-out
 - Molecular Methods Workgroup
 - Monitoring Council Member Updates
- Monitoring Council Subcommittees
 - Monitoring Council Strategy and Membership
 - Communication
 - Monitoring Council Workgroup Coordination
- The Nature Conservancy's Freshwater Blueprint

DOCUMENT AVAILABILITY

The meeting agenda and related information will be available at least 10 days prior to the meeting on the State Water Board website at:

http://www.mywaterquality.ca.gov/monitoring_council/meetings/

Paper copies of the agenda and related documents will also be made available upon request by contacting:

Kristopher Jones, PhD
Monitoring Council Assistant Director
California Department of Water Resources
Executive Division
1416 Ninth Street, Suite 1148-5, Sacramento, CA 95814
phone: (916) 654-4925
e-mail: kristopher.jones@water.ca.gov

MEETING ACCESS

Individuals who require special accommodations are requested to contact the State Water Board's Equal Employment Opportunity Office at (916) 341-5881.

Remote access to the meeting will be available via GlobalMeet. Web and teleconference details appear in the agenda.

ADDITIONAL INFORMATION
