 - [USEPA Sanitary Survey App](#)
 - [How to Use the EPA Sanitary Survey App - A Safe to Swim Network Training Webinar](#)

10:30 AB-1066 Priority inland water-contact recreation sites: water quality monitoring. ([Luke Ginger](#) - Heal the Bay)

- AB 1066 was signed by the governor on October 8, 2021. This bill would require, on or before July 1, 2022, the (California Water Quality Monitoring) council to direct a new or existing working group to study water recreation hazards at priority water-contact recreation sites, as specified. The bill would require, on or before July 1, 2023, the working group to submit a report to the council that the council would be required to post on its internet website that includes specified information. Luke Ginger will provide us a summary on this recent recreational water quality monitoring bill.

11:00 Dealing with oil spills and other hazardous emergencies: An Introduction to CDFW's

Office of Spill Prevention and Response (OSPR) the state's lead for response to oil spills in its inland and marine waters. (Mary Fricke, CDFW-OSPR PIO, mary.fricke@wildlife.ca.gov, Cell: 916-417-0210)

- The Office of Spill Prevention and Response (OSPR) is one of the few state agencies in the nation that has major pollution response authority and public trustee authority for wildlife and habitat. This mandate ensures that prevention, preparedness, restoration, and response will provide the best protection for California's natural resources.
