

Healthy Streams Partnership – Potential Project List

- Enhance USEPA Watershed Assessments with additional datasets (i.e. freshwater database)
- Region 3 Assessment Tools – statewide implementation
- Link to Nonpoint Source Program and Forestry Program
- Additions to the Healthy Streams Portal:
 - Educational/background information (stream ecology concepts, etc.)
 - Impaired waterbodies/current TMDLs and locations
 - Link to TMDL report cards and NPS success stories
 - Location/summary info on grant-funded restoration projects (319h, etc)
 - Real-time update of bioassessment data displayed on portal
