The purpose of this email is to announce my resignation from the Water Quality Monitoring Council effective immediately. The reason for my resignation is my impending retirement in January 2010 from the Orange County Sanitation District. As a representative to the Council from the POTW community, I will not be able to continue in that capacity after my retirement. Mike Connor is the alternate from the POTW community on the Council, and it is my recommendation that Mike should be approved as the permanent representative.

My experience on the Council has been positive and rewarding. I have enjoyed working with all of the members and I wish you all continued success in your endeavor of assuring high quality data and for making it conveniently available to our stakeholders. Best of luck in the future.

Sam

Samuel L. Mowbray, Ph.D.
